To Whom It May Concern:

We have been to Israel several times and have had the privilege of taking several tours using Haggai Golan as our guide. We look forward to our visit to Israel and our trips with Haggai as we are certain to tour interesting venues.

Haggai is an excellent tour guide. He has an enormous volume of knowledge of Israeli and Talmudic history and is easily able to translate that into interesting stories that relate to the areas we were visiting. It kept us wanting more at every stop along our tour. He is patient with children and has a wonderful disposition. I asked a lot of questions and he was never impatient. He also took us to a lot of off the beaten track locations that we would have never found in tour books. He is able to communicate very well in English.

He is always professional and well-mannered. We have already recommended him to a number of our friends and colleagues. I would recommend him without any reservations.

Sincerely,
